

Portable 45L Eye Wash / Body Spray

EL481

Enware's eye wash and body spray is ideal for remote sites where immediate flushing can help minimise injury.

When used in isolation the eyewash provides 15 minutes of flow compliant with ANSI Z358.1 and AS4775.*

KEY FEATURES

- Rechargeable
- 'Soft spray' flow controlled eye wash outlets with dust covers
- 15 minutes eye wash flow time*
- Drench hose 1.5m with single aerated outlet, can be used for face or body rinsing
- Stainless steel tank with green powder coated finish
- Safety relief valve
- Pressure gauge
- Pressurised by plant or bottle air via tyre filler connection
- Stainless steel stay open ball valve
- Stainless steel hand actuator
- 'DR' brass headworks chrome plated

Optional:

Anti-Bacteria Water Preservative Concentrate - **ESS200**

* When used in conjunction with the body spray 15 minutes flow will not be achieved.
